Smooth Control

Seeding and Planting

Solutions for Electronic Control
- (Analog, Digital, CAN-Bus, ISO-Bus)

Hydraulics system
- Transport position lock
- Coulter combination, swing out
- Operating and sow coulter, move out and in
- Bout marker position
- Share pressure control
- Tramline control
  (Directional Control Valve LVS/HDS, System Manifold Block, Flow Control Valve SRX)

Blower Drive
- Blower Drive
  (Internal Gear Motor QXM, External Gear Motor APMF)
- Blower Control
  (Make-up Valve, pressure Control Valve, ESLF101 Electronic Controller)
