

General information Cavity

Type series: OA/C1025

Dimensions and sectional view

Installation information

ATTENTION!

You must maintain the specified positional and diametral tolerances. To ensure trouble-free operation of the screw-in cartridges, we strongly recommend that pilot drilling, boring, reaming and cavity thread-cutting are always performed in one setup.

NOTE!

Cavity according to Bucher factory standard (based on ISO/NFPA)

NOTE!

We offer form tool sets for sale or hire. See data sheet 400-P-040011 for further information.
